For : COMMUNICATION METHOD, NETWORK APPARATUS OR SYSTEM
FOR BUYING NEW ITEM OR PICKING UP ITEM

Filed : July 5, 2001

Art Unit : 2161

Examiner : Unassigned

Asst. Commissioner for Patents
Washington, D.C. 20231

Sir:

PRELIMINARY AMENDMENT

Please amend the above-identified application as follows:

In the Specification

Rewrite the paragraph starting at page 1, line 12 and ending at page 1, line 27 as follows:

-- An item which has become needless by purchasing a new item has often been discarded as a junk.

With the change of the times, it is guessed that, in the near future, of not only home electric equipment but also office automation equipment such as printers for recycling would be under an obligation to be collected for recycling. Since the collection of such home electric equipment or the office automation equipment is a burden to a user or a junk dealer, an efficiently collecting method has been desired or requested.
